Hotel Warszawa Art Fair

Over the past five years, Hotel Warszawa Art Fair has established a distinct identity, developing a format inspired by legendary hotel-based art fairs such as the Gramercy International Art Fair in New York and Felix Art Fair in Los Angeles. In Warsaw, this concept has evolved into something uniquely its own – intimate, collector-focused, and centered on a highly individual approach to exhibition-making. For three days, galleries leave behind the traditional white cube model and transform hotel rooms, originally designed for rest and relaxation, into immersive exhibition spaces.

The anniversary edition will feature leading contemporary art galleries from Poland alongside an outstanding selection of international exhibitors. Participating galleries include Aspekty, Bliss, BWA Warszawa, ESTA, Ewa Opałka Gallery, Fundacja Profile, Gunia Nowik Gallery, Hos Gallery, Jednostka, Krupa Gallery, Le Guern, LETO, Lisowski, lokal_30, Łęctwo, Molski Gallery, Obiekt, Olszewski, Polana Institute, Przeciąg, Szydłowski, UFO Gallery, Art Around, BD Gallery, Galeria Lotna, Splot Galeria,

Centrala, as well as international galleries Heliconia Projects (Miami), Kogo Gallery (Tartu), Marta Gnypp Gallery (Berlin), Q.E.D. (Berlin), and Dürst Britt & Mayhew (The Hague).

Visitors will discover works by some of the most acclaimed figures in contemporary art alongside outstanding representatives of the younger generation. Featured artists include Wojciech Fangor, Joanna Rajkowska, Diana Le-lonek, Rafał Milach, Weronika Gęsicka, Tadeusz Rolke, Natalia Załuska, and Mikołaj Sobczak.

Since its inception, Hotel Warszawa Art Fair has developed as a platform connecting the artistic community with collectors, businesses, and cultural institutions. Nearly 10,000 visitors attended the previous edition, and the fair has become a permanent fixture on Poland's contemporary art calendar.

An integral part of the programme is its accompanying events, including artist and curator talks, guided tours, performances, and a dedicated programme designed for international guests, collectors, and event partners.

In September 2026, Hotel Warszawa Art Fair will return with its fifth anniversary edition, set to be the largest in the event's history. The iconic interiors of Hotel Warszawa will host a record number of galleries from Poland, across Europe, and the United States.

About HWAF 2026

Hotel Warszawa Art Fair is Poland's first contemporary art fair organized in a hotel format. Its defining feature is the presentation of galleries throughout the rooms of Hotel Warszawa, the capital's modernist landmark housed within the historic former Prudential building.

Since its inaugural edition, the fair has consistently developed its own distinctive exhibition model, combining an inter-

national outlook with a high curatorial standard and an intimate atmosphere that encourages meaningful encounters and conversation. Today, Hotel Warszawa Art Fair is one of Poland's leading art market events and an important platform for presenting the most compelling developments in contemporary art across Central and Eastern Europe.

Hotel Warszawa Art Fair

Public Opening Hours

Saturday, 5 September

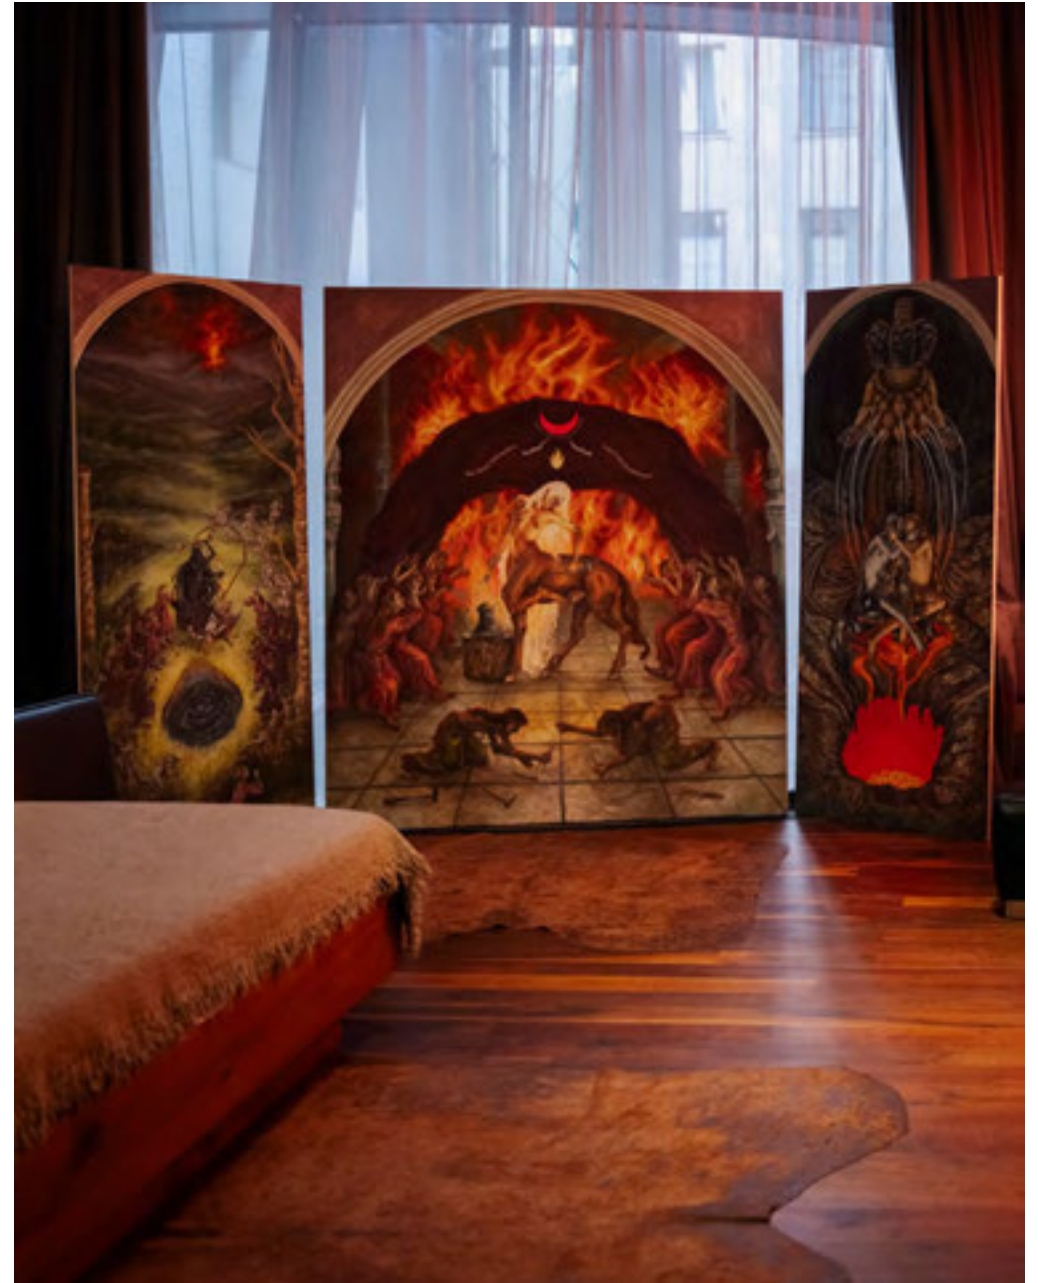

12:00-19:00 - Open to the public

Sunday, 6 September

12:00-19:00 - Open to the public
