All our dishes are prepared in our kitchen based on best available ingredients, sourced locally from befriended farmers and suppliers.

Fresh orange juice is available upon request.

All our pastries and bread are freshly baked in our bakery inside the kitchen. If you'd like to take something extra to go, please let us know.

If there is anything special you like to savour in the morning please let us know in advance and we will try to provide it.

Our suppliers are important to us, that's why we want you to know where our products come from.

Our flour for baking bread comes from Marcin Gołda's farm.
Selected meats are made on site (ham, pâté, sausages, frankfurters, white sausages).

Our Mangalica and Puławska pigs are bred free range on a sustainable farm in Masuria.

Fresh vegetables come from Majlert and Mr. Ziółko.

Our dairy comes from Tornado and Strzałkowo dairy farms.
